

BPW Brake designations

Example TSB 4309

TSB	43	09	
TSB			Disc brake
	43		Disc Ø 430 mm
		09	9 t standard axle load

Something for everyone: the current ECO Disc range.

Axle load	Wheel size		Brake	Brake disc (dia. x thickness)	Offset (ET)
	19.5 inch	22.5 inch			
9 t	•	•	TSB 3709	370 x 45 mm	0/120
10 t	•		TSB 3709	370 x 45 mm	0
9 t		•	TSB 4309	430 x 45 mm	0/120
10 t		•	TSB 4309	430 x 45 mm	0
12 t		•	TSB 4312	430 x 45 mm	0

All brake sizes can be equipped with ABS and are available for single or twin wheels.

Wear sensor (optional): reliable technology that detects when the brake pads have reached their wear limit.

Disc Protector (optional): additional protection for trailer disc brakes in rugged applications.

Genuine BPW brake disc: guaranteed high resilience to wear and cracking.
